normalisation européens et internationaux »

22 novembre 2011 – Chambre des Métiers

MINISTÈRE DE L'ÉCONOMIQUE
ET DU COMMERCE EXTÉRIEUR

ILNAS luxembourg

Semaine de la Qualité 2011

Participation des experts luxembourgeois aux travaux
de normalisation européens et internationaux

Marc CLEMENT
Chef de service Organisme luxembourgeois de normalisation

Chambre des Métiers,
27 novembre 2011

ILNAS

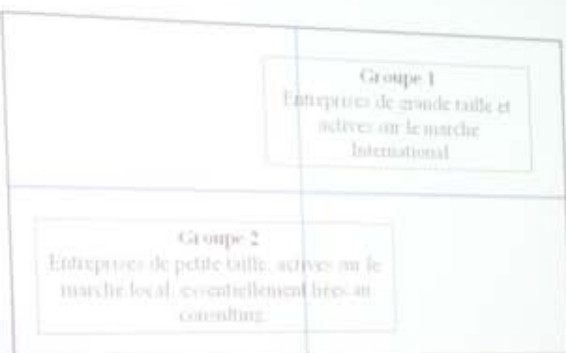

Association luxembourgeoise de la normalisation
des entreprises, de la recherche et de qualité
des administrations.

Modèle Synthétique

Connaissance technique et reconnaissance

Informations stratégiques et lobbying

Motivations

Essentialisme Turner

Remarques générales

Un niveau d'implication assez hétérogène (cette remarque est confirmée par l'analyse des bilans annuels) → un niveau de connaissance de la méthode normalisation assez hétérogène également

Manque de temps

Manque d'argent

- Un manque évident de temps de formation pour passer d'un état de connaissance à un état de compétence
- Certains de nos collègues ont leurs frais de déplacement dans les réunions du comité technique dans leur budget de formation continue

COMES

inscription dans

- CEN TC 102 - WG 4 (fourth technical group)
- CEN TC 102 - WG 2 (compressors)
- CEN TC 102 - WG 7 (air conditioning)
- ISO TC 21 - SC 6 - WG 7 (fixed CAFE systems)
