

EEPLIANT 3

The largest EU-funded pan-European concerted market surveillance action on product efficiency to date

www.eepliant.eu

End - May 2023

Start - June 2019

The footprint... **€6.85 M** of EU funding

The Goal...

Continue the transformation of the effectiveness and efficiency of the market surveillance work undertaken across the EU for Energy Labelling and Eco-design.

Enhance the visibility and outreach of market surveillance activities by engaging with key stakeholders.

- ▲ Achieve energy savings through better enforcement against non-compliant products;
- ▲ Improve collaboration and harmonisation between Market Surveillance Authorities;
- ▲ Share best practices in sampling and testing of potentially challenging non-compliant products;
- ▲ Exploit document inspection and testing results by disseminating findings to all Member States across the European Economic Area;
- ▲ Build capacity and transfer knowledge amongst the EU Market Surveillance Authorities;
- ▲ Provide policy feedback and recommendations to the European Commission for 14 EU regulations and contribute to data-driven decision-making at EU level;
- ▲ Create multiple economic, environmental and societal impacts to the benefit of the European consumer.

Product Categories to be inspected...

Air-conditioners

Water heaters

Lighting products

Tumble Dryers

Ventilation units

Local space heaters

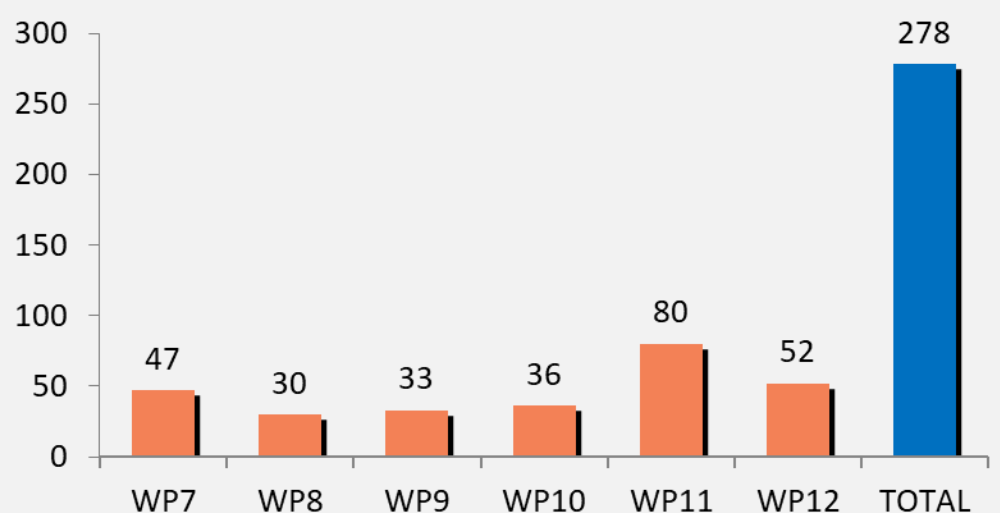

Estimated number of products to be tested per Work Package

+350

DOCUMENT INSPECTIONS

To be tested

This infographic arises from the Concerted Market Surveillance Action on EU product efficiency legislation - EEPLIANT3 (GA no: 832558), which receives funding from the European Union's Horizon 2020 research and innovation programme.
