

STANDARDIZATION AS A DRIVER FOR INNOVATION

WHAT ARE THE BENEFITS OF USING STANDARDS?

WHY PARTICIPATE IN STANDARDS DEVELOPMENT?

- 1 Innovation can be disseminated more broadly and recognized in reference documents, leading to wider and quicker market acceptance
- 2 A chance to influence the development of national, European or international standards, according to your needs
- 3 Networking opportunities with other experts active in a specific field

PRODUCTS AND SERVICES

OUR TOOLS AT YOUR DISPOSAL

Raise awareness and keep informed

- A newsletter to keep you up to date with the latest developments of the standardization world
- Dedicated information events and workshops on specific topics

Provide access to standards

- Preferential rates on our standards catalogue for startups and researchers
- Reading stations at different locations with free access to the standards catalogue

Facilitate standards identification

- A standards watch service to identify standards and technical committees relevant to your field of activity

ACCESS OVER 200,000 NORMATIVE DOCUMENTS
