

**ILNAS**

your standardization partners in Luxembourg

**MAKE STANDARDS YOURS!**

SETTING THE STANDARDS MEANS SETTING THE MARKET

**CONSTRUCTION**

---

## WHY DO WE NEED STANDARDS?

PROMOTE INNOVATION  
SUPPORT ENVIRONMENTAL SUSTAINABILITY  
FACILITATE INTERNATIONAL TRADE  
DEFINE A COMMON LANGUAGE  
IMPROVE COMPATIBILITY AND INTEROPERABILITY  
ENHANCE QUALITY AND SECURITY  
FOSTER TECHNOLOGY TRANSFER

### 4 GOOD REASONS TO PARTICIPATE IN STANDARDS DEVELOPMENT

- 1 Access draft standards and influence their content based on your know-how
- 2 Increase your knowledge regarding the state of the art in standardization of your core business
- 3 Anticipate the evolution of your activity sector's good practices
- 4 Integrate a strategic network of national, European or international experts

## HOW TO PARTICIPATE IN STANDARDIZATION?

### BE ACTIVELY INVOLVED IN STANDARDS DEVELOPMENT

If you want to **participate at any point of the process of standards development**, that is from the proposal of the project to the publication of the standard, you can **register free of charge as a national standardization delegate through ILNAS** to join national, European or international technical committees.

For more information, please consult our webpage: <https://gd.lu/8lBjxi>

JOIN AN INTERNATIONAL NETWORK OF EXPERTS  
**DEVELOP YOUR SKILLS!**

## WHICH DOMAINS ARE YOU INTERESTED IN?

### STUDY & DESIGN

Architecture  
Engineering  
Technical consultancy  
Surveyors  
Technical testing and analysis...

### BUILDING CONSTRUCTION & CIVIL ENGINEERING

Residential and non-residential buildings  
Roads and motorways  
Railways and underground railways  
Bridges and tunnels  
Utilities (fluids, electricity and telecommunication)  
Demolition, site preparation, drilling and boring...

### INSTALLATION

Electricity  
Plumbing  
Heating  
Air conditioning...

### COMPLETION & FINISHING

Plastering  
Joinery  
Floor and wall covering  
Painting  
Glazing  
Roofing...

### SAFETY, MACHINERY & EQUIPMENT

Safety on construction sites  
Safety in use of equipment and machinery  
Design and use of materials and machinery...
